Tracing the Threads of Our Ancestral Legacy

DAR's membership is exclusive to individuals who can trace their lineage back to an ancestor who fought for American independence during the Revolutionary War. This rigorous requirement ensures that the organization

remains a direct link to the founding generation and the ideals they fought so valiantly to establish.

The application process for DAR membership is a journey into one's own family history. As applicants delve into their genealogy, they uncover not only a lineage that connects them to the past but also the personal stories and sacrifices of their ancestors. Through this process, DAR members gain a deeper understanding of the challenges and triumphs that shaped our nation's history and the unwavering determination of those who fought for its birth.

Preserving the Legacy, Inspiring the Future

DAR's mission extends far beyond lineage preservation. The organization is actively engaged in a wide range of programs and initiatives that promote patriotism, historic preservation, and education:

- **Patriotic Education:** DAR places a strong emphasis on educating younger generations about American history and the principles of good citizenship. Through its youth programs, such as the Junior American Citizens Club and the Children of the American Revolution, DAR instills a love of country and an understanding of the sacrifices made by those who came before us.
- **Historic Preservation:** DAR has been instrumental in preserving and restoring historic landmarks and artifacts related to the American Revolution. From the iconic Liberty Bell to historic battlefields, DAR's efforts ensure that these tangible reminders of our past are preserved for future generations.
- **Lineage Research:** DAR's extensive genealogy resources and expertise make it a valuable resource for anyone interested in tracing

their family history, particularly in the context of the American Revolution.
