Are you living the life you were meant to live? Are you happy and fulfilled, or do you feel like something is missing? If you're not sure, then it's time to ask yourself the "if" question.

The "if" question is a powerful tool that can help you break free from your comfort zone and explore the possibilities that life has to offer. It's a question that can lead to new adventures, new relationships, and a new understanding of yourself.

In her book *The If in Life*, bestselling author and speaker Margie Warrell shares her own journey of self-discovery and fulfillment. Warrell was a successful businesswoman with a loving family, but she felt like something was missing. She was always wondering what would have happened if she had made different choices in her life.

One day, Warrell decided to stop wondering and start living. She quit her job, sold her house, and embarked on a year-long journey around the world. During her travels, she met amazing people, learned about different cultures, and discovered her true passion.

When Warrell returned home, she was a changed woman. She was more confident, more purpose-driven, and more fulfilled than she had ever been before. She had finally found the answer to the "if" question, and she was ready to share it with the world.

The If in Life is a practical guide to help you discover your true potential and live a more fulfilling life. Warrell shares her own story, as well as the stories of others who have made courageous choices to follow their dreams. She provides exercises and tools to help you identify your passions, overcome your fears, and create a life that you love.

If you're ready to live a life without limits, then *The If in Life* is the book for you. It's a book that will inspire you to dream big, take risks, and create the life you've always wanted.
